

Rahul Setia

(516) 265-4674 | Boston, MA | setia.ra@northeastern.edu | [linkedin.com/in/rahusetia0](https://www.linkedin.com/in/rahusetia0) | github.com/rsetia23

Availability: January – June 2027

Education

Bachelor of Science in Computer Science, Software Concentration

September 2023 – May 2027

Honors: Dean's List Academic Standing | GPA: 3.66/4.00

Khoury College of Computer Science | Northeastern University

Boston, MA

Coursework: Object-Oriented Design, Algorithms & Data Structures, Database Design, Computer Systems, Cybersecurity, Web Development, Network Fundamentals

Work Experience

DCX FED — Junior Web & Mobile Developer Intern

June – July 2026

Capgemini

Shelton, CT

- Built a customer-facing kiosk application using React Native for DCX, delivering a responsive interface
- Integrated REST APIs to connect the kiosk front-end with backend services and data sources
- Developed AI agent-driven workflows to support optimization efforts
- Automated key decision-making steps and cross-process coordination tasks
- Gained hands-on exposure to enterprise-scale software delivery practices

Systems Associate Co-op

July 2025 – April 2026

Northeastern

Boston, MA

- Mentored new co-op engineers, guiding them on internal systems, data workflows, and development best practices
- Led daily financial data preparation and database integration workflows, improving accuracy and reporting reliability
- Built Python automation to convert Excel financial records into structured JSON, reducing manual processing time by 30%
- Built and maintained internal systems supporting 100+ devices across 50+ stakeholders, improving operational efficiency
- Managed and maintained CMS platforms (WordPress, Contentful, GatherContent) to support production content workflows

Operations Assistant

July – August 2024

Homefunding LLC

Floral Park, NY

- Managed 100+ confidential mortgage client records, adhering to strong data security principles
- Assisted in processing loan applications, gaining insight into underwriting and compliance tasks
- Optimized manual credit review and underwriting processes, reducing errors and increasing efficiency
- Managed a six-figure stock portfolio, tracking profitability metrics to generate alpha returns

Projects

Personal Portfolio (rahulsetia.me) | HTML, CSS, JavaScript

April 2022 – Present

- Engineered a responsive portfolio website to showcase projects and achievements
- Integrated dark mode toggle, smooth scrolling, and dynamic content loading to enhance user experience
- Configured a custom domain using Hostinger, including DNS management, and SSL certificate installation
- Deployed the website using GitHub Pages, ensuring accessibility and fast load times across devices
- Designed a modular and reusable website architecture, making it easy to customize and adapt for various portfolios.

Stock Simulator | Java, Alpha Vantage API, CSV Parsing

May – June 2024

- Developed a Java-based stock market simulation tool utilizing object-oriented design principles and MVC architecture
- Implemented RESTful API integration with Alpha Vantage, processing over 1,000 daily stock market data points
- Optimized CSV parsing and storage for 10-year historical data, reducing load time by more than 20%
- Built scalable modules in Java, ensuring extensibility for future enhancements and API integrations

Technical Skills

Languages | Java, Python, JavaScript, SQL, TypeScript, HTML/CSS

Frameworks | React, Node.js, Express.js, RESTful APIs, MVC Architecture, Alpha Vantage API

Developer Tools | Git, GitHub, AWS (Lambda, RDS, SNS, S3), Docker, Postman, VS Code, IntelliJ, Jupyter Notebook
